

Witness God's Narrow Only Gateway To Turn America Back Around

Challenging the early citizens, their secure sociological well being and leaders sprang from many individuals solely reading, carefully logically pondering, trusting and acting upon the testimonials of Jesus' social teachings for an abundant life. However, when not looked upon as being totally sufficient for the social welfare, correctness in the general population, by government bureaucrats, especially educators, then Christian's secular and also supernatural sociology will be diminished, prohibited, and replaced through government propagating infidel philosophy, evolutionary cosmology, and humanism theology.

Exasperated by the infiltration of French infidelity. Our honorable founding fathers and especially early citizens were ravaged by crime, immorality, and weak character. The promulgating of infidel sociology was enticing many in the early nation and higher education. It was said, the infidels of France raised among themselves three million francs for the purpose of printing and distributing books to corrupt the minds of the American people. Thanks to then university president Timothy Dwight in 1796 and many concern Christian citizens, the infidel philosophy was exposed before the students of Yale university and citizens across the young nation. The period following was one of unprecedented national prosperity, and no serious student of history can mentally ignore, separate out the social and

economic betterment from their essential Christian social roots.

Up until the beginning of the 1900's almost all vaunted educators of Protestantism, regarded Jesus' testimonials as the infallible revelation of the true secular and supernatural sociology for mankind. Soon afterwards humanism originated from German universities, in intellectual science circles and among theologians swept much of the world as wildfire, teaching genuine true secular sociology could be found only within experience and not through a book of books, called the bible, containing revelation inspiring man. Humanist regarded Christianity as the highest expression of an essence common to all religions and to regard the Christian experience as fully expandable from the study of naturalistic and behaviorist psychology. In 1923 the document Auburn Affirmation" signed by 1,292 ministers said in effect, we deny the supernatural element in Christ miracles and the supernatural element in his redemption work.

All forms of Christianity to humanist were regarded merely as fraternal societies with certain social benefits. Humanist persuaded institutions of Protestantism to admit humanist to their facilities on the ground the principle of academic freedom required the presentation of all viewpoints. In many instances humanists used orthodox words to convey humanist thought, moving with caution, conspiring to take Christian oaths with mental reservations. When humanist attained majority status they set up new standards and by various devices eliminated all bible believing educators. Many ecclesiastical administrations of denominations and seminaries were taken over by this so called "*inclusivist strategy*".

Humanist were not interested in carrying out the importance of the Christian commission, the means of reconciliation with God, the redemption from sin, and the liberation from the bondage of evil. Instead they were vitally concern with the control of the administration that would give them world influence and an opportunity to make internationally a " new social order".

America's government bureaucrats, especially educators, teachers, sociologist, psychologist and counselors must be prohibited constitutionally from propagating perceptions of infidel, evolutionary, and humanism thought. Consequently to restore the early form of government recognizing a republic democracy, as a "sensitive Gage" where if government elected officials and the public turn their backs and allow their government bureaucrats to set up new standards of social correctness, and use various government funded means for propagation infidel, evolutionary, and humanism sociology, to occur and flourish in their students and court appointed clients, it will continue undoubtedly alter drastically the nations elections. History shows for the first one hundred years of our nation being not overwhelmed by a government supported infidel, evolutionary, and humanism sociological promulgation, the general population had chosen a prominent respect of individuals who from need and full of cares cherished reading, carefully logically pondering and responsively acted upon Jesus secular social logic for an abundant life. Providing them daily fortitude, integrity, and self control. Giving the most justified reason in the majority of the founding fathers minds to seek their freedom from a tyrant king by redirecting to the

early public more empowerment in governing, continued freedom for the people's religious free exercise, and eventually as some founding fathers saw the eventually freedom for a people in slavery.

My gentle urging to my countrymen, is to return to our early national spirits, to immediately put a halt to the funding of a government bureaucracy propagating a replacement of sociology and psychology made from infidel philosophy, evolutionary theory, and humanism theology, consequently creating faulty social impressions in especially our young citizens. Only impartiality as our founding fathers will restore and secure the basic rights of religious citizens, such as Christians, the constitution freedom to promulgate their social logic without a government bureaucracy unconstitutionally interfering and stealing away their hearer's trust. Without you bringing publicity and your prominence as elected leaders to this early national defining principle, we as a nation will continue being weakened. Where it is most obvious that recent history show no amount of laws, regulation added to the funding of an unconstitutional in spirit bureaucracy under the heading of "education" for replacing the people's sociology, can persuade citizens from lawlessness and unrighteousness toward each other.

May God have mercy upon us all

John Nowak

Human life Born of Water and Genetics

1992-1993

First birth of a human occurs when the sperm from the male births into the egg of a female, forming a complete genetic human life. The born of genetics, human life, has the self-evident right to live up to the second birth.

Second birth of a human occurs when usually the nine month developed complete genetic human life, births out of the water into the world. The born of water human life has the self-evident rights of his or her family and country.

A lady of wisdom says to imprison every woman who killed their born complete genetic human life for twenty four hours. Imprison every doctor for thirty days and confiscate all wealth received in committing the killings. Imprison every advocate for sixty days that had used the media to promote the killings. Imprison any person for the possibility of many years, if he or she destroys any information of the identification of the people involved in the killings.

If I was elected to an official office and was given the authority to judge the matter before us. I would pardon the prison term of every person who killed a complete genetic human life, if the person would make know their participation or killing with remorse to the people, in the largest news paper of their locality.

All wealth received in committing the killings would still be confiscated for a memorial park in Washington D. C. for the remembrance of the Slain Complete Genetic Human Life.

Unadulterated Lifetime Marriages

12-17-93

Elected officials must encourage young people to marry later in life, so there will be ample knowledge and income to raise families to remain committed together.

A lifetime marriage occurs when two consenting people a male and female become one in the same flesh, sexual intercourse. Lifetime marriages have occurred as early as twelve years old.

Government official separation is called a divorce.

Government unofficial separation is called a separation.

Government official or unofficial separation dose not break the bond of a lifetime marriage, rather it only separates the partners for a definite or indefinite time. Consequently sexual intercourse with someone outside of the lifetime marriage is adultery. Sexual intercourse is only unadulterated if one returns to his or her lifetime marriage partner.

Refusing to recognize a lifetime marriage as the first act of sexual intercourse, labeling a lifetime marriage as teen sex, and recognizing adultery as a remarriage, has created generations of multiple sexual partners. Compared to an unadulterated lifetime marriage, these human relation sexual practices are more likely to give aids to a sexual partner and their offspring, separation of children from natural mothers and fathers, and violence, do to envy, mistrust, and passion.

Our nation can restore these self evident human relation sexual values. If I had children and one of them at twelve years old became married by unadulterated consented sexual intercourse, I would after my upset feeling faded away congratulate the married coupled. Then I would take them to city hall make the marriage official, and inform them that they will not be allowed to see each other except to receive letters and supervised visits until both reach seventeen years old. At this I would let them resume the marriage and help them with food, clothing, shelter and heath insurance.

The country must recognize unadulterated consenting sexual intercourse above twelve years old as life time marriages. Official separation should only be granted by government in case of violence, adultery, incest, prostitution, homosexuality and rape.

Remarriage licenses will be given out for death of the marriage partner, a partner is returning to his or her lifetime marriage, and a marriage partner was married previous by unadulterated consenting sexual intercourse.

Necessary and Unnecessary World Jobs

1992-1993

Free trade is helpful for the world, it helps other less fortunate nations. Our nation does gain and lose many jobs. There is a very harmful affect that we must express not only to our nation but also to the world.

This is self-evident that harmful affect to out children. Our children in the world need mothers home to do the job of rearing their children to be patient, kind,, not envy, not to boast, not proud, not rude, not self seeking, not to delight in evil, rejoice in the truth, protect, trust, hope, persevere, to enjoy their creativeness, imagination, and the personnel memories of being affectingly cared for by their birth mothers.

There are adequate number of jobs, but the women who are sufficiently supported by husbands which leave their children home in the world to have jobs out of there homes, are taking away jobs from single people and men and woman who support whole families by themselves. They are also driving down the wages, because of an unnecessary large work force.

Our world has become wealthier for a time, but at the expense of losing the tranquility of our streets. Costing us the world trillions of dollars fruitlessly to repair the damage lives.

Accountability Young Men and Women

1-12-93

A child between the ages of eight year to twelve years old cannot be put in jail. Parents can in the rare circumstances can be put in jail in place of the child.

A young man and woman can be put in jail between the ages of twelve and seventeen years old. He parents can be put in jail by encouraging through verbal, example or neglect up to the remaining accountable percentage, between the ages of twelve and seventeen.

A young man and woman at the age of twelve years and on can become a lifetime married partner through unadulterated consenting sexual intercourse. Young men and

woman are more than fifty percent responsible for their actions. Children between eight and twelve years of age are not more than fifty percent responsible.

Parents who verbally encourage young men and woman to marry at twelve years and on, are relieved of their parental duties.

Parents who force through threats, physical harm, and punishment their twelve year olds and older, for the specific purpose to marry another person by sexual intercourse, will be convicted on the charge of rape, the other person and the parent.

Seduction will be a crime.

Seduction in the third degree will be when a person three years older seduces a young man or woman, between the ages of twelve to seventeen. The seducer can be sentence upto one year in jail.

- Seduction in the second degree will be four years older. The seducer can be sentence up to two years in jail.
- Seduction in the first degree will be for five years or older. The seducer can be sentence up to five years in jail.

However seduction, if it is unadulterated and consenting by the young man and woman is a lifetime marriage.

Homosexuality and Polygamy

1992-1993

Tolerance, special rights, and honorable recognition have been sought by homosexuals and polygamist for thousands of years. Inflamed are their lust for one another. However no homosexual act has created a human life and polygamy observed from animal and human history has created to many human lives, envy, and violence.

The country must insure the promote relational happiness of the general population. Unadulterated heterosexual lifetime marriages creates the founding fathers, intended relational happiness for the domestic tranquility, a moderate number of human lives, a greater degree of healthy lifetime sex, and humane living conditions in the smaller families.

Homosexuals and polygamist are hampering the pursuit of happiness of the general people, people cannot have heterosexual lifetime marriages side by side with homosexuality and polygamy. Our nation cannot bear the consequences when a lifetime marriage person loses his or her lifetime marriage partner for possible the rest of his or her life.

Solitary Human Confinement

1992-1993

Socializing among convicted criminals takes away vital time funded by tax payers, for deep reflective remorse of their crimes, correction facilities have become liken to social clubs, schools of crime, and terrorism. Learning new criminal behavior, conspiring, and camaraderie among criminals has terrorized and harmed citizens outside jail and prisoners inside jail.

The death penalty, parole, and probation are implements by imperfect man and polices. Short term, long term, and lifetime solitary humane confinement I trust can satisfactory take the place of deterrent and the extreme death penalty. Parole and probation should be only given by a request from the victim. If society is the victim there should be no probation or parole. A judge has the final decision to allow probation or parole, but must have a request from the victim.

Prison cells should be at least twelve feet by twelve feet . A comfortable bed with plenty of length. Cells should have a view of the outside depending on good behavior. The cell door should be solid with two small openings for food, request, and observation. There will be no social interactions between prisoners. A jail will be a quiet place to reflect to oneself and become remorseful of their crimes.

Only visitors that have no criminal records for last three years will be allowed to visit prisoners. A list of all non-government secular, supernatural and secular religious groups that seek to give social counseling, will be given to every prisoner to choose their personal counseling.

Once a prisoner reaches seventy five years old he will be allowed to socialize among similar age prisoners in a high security hall.

National Lifetime Marriage Proposal

8-27-93

Lifetime marriage, must be recognized after or before a filed marriage certificate, public ceremony, states a man and a woman has or will become one in the same flesh, sexual intercourse, married. Promotion of abstinence, public ceremony and filed marriage forms are necessary for order and peace, but not following through must not justify gov't to exploit these lifetime marriages by labeling them as only teen sex or adult sex, distribution of condoms in schools, and abortion killing, These unregistered lifetime marriages need recognition, responsibility, and perseverance for our country's sake.

Some expectation of tradition, academia, and psychology are blinded and hostile toward lifetime marriages where there are no public ceremony " I do Marry" or a filed marriage certificate.

Since the creation of symbols, people have mistakenly put their complete trust in a ceremony, symbol, or sign then the past and future existence, act, or state. Is a marriage when someone says " I do marry" signs their name or is the marriage the actual consent that is combined in the act of uniting in the flesh before or after a public ceremony, symbol, or sign?

Is a child a child before or after a signed certificate?

Is a person dead usually before or after a signed death certificate?

Safe sex, Government's distribution of condoms in schools, glamor of one night stands, government's label teen sex, abortion killing, free love, and the creation of contraceptives have discourage especially young men and woman from informing family, public and gov't of their lifetime marriage, responsibility, and perseverance.

Young men and woman, 12 years and older should be taught what is a lifetime marriage, benefits, abstinence for order and peace in the community, and where and how to full out a certificate of a lifetime marriage.

National Adultery Marriage Denouncement Proposal

9-11-93

Historically rather than recognizing a young man and woman teenage lifetime marriage that has no outward sign, gov't has granted marriage ceremonies and certificates to adulterated, corrupted, non true lifetime marriages.

Gov't authorized divorce in a lifetime marriage, when the other mate commits adultery, is allowable by government. The official divorce is justified to create acceptable remorse, change behavior, appreciation on the part of the adulterer toward the divorcer. Hopefully resulting in a reuniting of the life time marriage.

However, when the adulterer or either the divorcer entertains and acts to marry another person, the gov't authorizes a marriage ceremony and certificate. This gov't action is unjustified, for now the gov't has left their first objective protecting and encouraging proper behavior toward the divorcer, true lifetime marriage, to encouraging, legitimize, and honoring the creation of adulterated, corrupted, non true lifetime marriage.

Gov't should be at least neutral or better yet denounce adulterated marriages. Gov't should not intrude in adultery to punish, but also should not grant honor authoring a marriage ceremony and certificate to adulterers.

The leaders, the glamorous, the wealthy who entertain in adultery seek a sign of honor and their sign is a marriage ceremony and certificate authorize by government.

Middle and poor America with fewer resources have become the losers of parents,

houses, food, health, bankrupting and enslaving us to the federal government.

I do realize the hardness of people hearts, suffering that seek a remedy, people in relation to adultery. Justified shame, sadness, and loneliness need be consequences allowed by gov't for people to reap. Hopefully faithfulness will return more abundantly through rethinking, remorse, and better behavior, the majority and mainstream of people, as an example for future young men and woman.

The old laws of marriage are very imperfect. These new laws are hopefully more perfect to inform citizens tier duty toward their many neighbors, and at least encouraging each other to become and stay truly lifetime married.
